

Dear Committee Members:

**Subject:** NO on Senate Bill 1350

I strongly oppose a wolf hunting season in Michigan, or any other state for that matter. There is no reason to kill wolves. They are a valuable part of the ecosystem and have a complex social structure. Their family social structure is very different from other animals such as bear and deer. Killing one member of a pack for sport will only serve to create an unstable pack, which may create problems. My family lives in the Upper Peninsula and we have seen wolves as we enjoy the wooded areas around our homes and camps. Never have any of these animals bothered our homes or us. I urge you to protect this wild animal from a useless death.

Sincerely,

Linda Roncaglione Brecheisen
